MATADIN, First Subordinate Judge.

NOTICE is hereby given that in pursuance of the provisions of the Chota Nagpore Encumbered Estates Act (as amended by Act V of 1884) and the Deo Estate Act, the undermentioned properties will be sold by public auction to the highest bidder at the Gya Collectorate for the settlement of debts and liabilities against the Deo Estate, at 1 P.M. on the 2nd of August 1887 and the following days, if necessary.

One-fourth of the purchase money will have to be deposited by the purchaser at auction on the date of sale. The remainder will be payable after a fortnight on confirmation of the sale, which will principally depend on the highest offer in consideration of the estimated sir jumma. If the full purchase money is not paid on confirmation of sale, the money deposited will be forfeited.

The purchaser will get deduction from the purchase money for any money remaining still unpaid on account of peshgi of Thicadars.

Any application for purchase by private contract, offering reasonable price for all or any of the undermentioned properties, will be received by the Manager till the 1st of August.

#### PUBLIC WORKS DEPARTMENT,—BENGAL.

##### DISTRICT ROAD FUND.

NOTIFICATION No. 222.

*The 7th of July 1887.*

THE annual accounts and reports of the Road Cess Committees of the districts of Dacca, Furreedpore, Backergunge, and Mymensingh for the cess year 1885-86, together with the remarks thereon of the Commissioner of the Dacca Division, are published for general information.

W. B. BESTIC,

*Under-Secretary to the Government of Bengal,  
P. W. Dept.*

No. 319, dated Dacca, the 14th January 1887.

From—F. WYER, Esq., Chairman of the District Board of Dacca,  
To—The Commissioner of the Dacca Division.

I HAVE the honour to submit herewith, in duplicate, the detailed accounts of the receipts and expenditure of the Road Fund of this district for the cess year ending on the 30th September 1886, together with the following report on the works of local improvement that were undertaken during that year.

2. *Original Works.*—The chief original works undertaken during the year under report are the following. Owing to the encroachment of the Boorigunga river, a retired line of road at Pagla, on the 5th mile of the road from Dacca to Naraingunge, was constructed. The earthen embankment of the road was made in the year 1884-85, and the metalling was completed during the year under review.

3. A bridge of two spans of 20 feet each was constructed over the Balliarpoor khall on the 3rd section of the Dacca-Manickgunge road. The masonry works of the bridge were completed during the preceding year, and the iron superstructure was put up during the year under report and the bridge opened to traffic.

4. For the convenience of the pilgrims and votaries visiting the durgah of Shaha Alli Shaheb, well known in East Bengal, two roads were constructed at the instance and expense of Nawab Ashanullah, Khan Bahadur. The durgah 1st road, which could not be completed during the preceding year for want of land, was fully made during the year under report. The durgah 2nd road was also taken in hand and completed.

5. *Survey operations.*—The principal survey works carried on during the year under review were—

- (a) Survey of the proposed road from the banks of the Dhulleswari river to the 1st mile of the Moonsheegunge road.
- (b) Survey of the 1st mile of the Moonsheegunge road.
- (c) Survey of the Boorigunga river in front of the town of Dacca.
- (d) Laying out the centre line and side width of the 1st section of the Dacca-Manickgunge road from Dhalla to Baitha.
- (e) Taking levels on the Chulye khall.

6. *River improvement.*—For the improvement of the Boorigunga river in front of the town of Dacca, some bandels and spurs were put up. Their effect has not been found out, but will be ascertained by the District Engineer by means of levels and soundings which are proposed to be taken across the river's bed in the end of the present cold weather.

7. *Ferry.*—For the convenience of the public, the late Road Cess Committee of Dacca took over the ferry between Naraingunge and Moonsheegunge, and commenced plying a ferry steamer from 1st April 1886. The launch required for the purpose was hired, but one will be purchased if a suitable one can be bought for the amount sanctioned (Rs. 10,000). The working of the steam ferry was satisfactory except during rains, when the traffic of passengers went down owing to the submergence of the surrounding country, and nearly every one having his own boat.

8. *Repairs.*—The District Engineer reports that all the existing district roads were in a very fair state of repair, but all of them, with the exception of the Mugh bazar and the Demra roads, sustained damage from the extraordinary high flood of the last year. The damage will be made good in the present year.

9. In the road from Dacca to Naraingunge, the metalling operations were carried out systematically, and the quadrennial system of renewing entire miles was adhered to. The whole of the 7th mile, the 5th mile, exclusive of the old road at Pagla, and the 2nd mile, excluding the portion under the charge of the Dacca Municipality, were renewed with jhama metal well consolidated with Bhawal kunkar. The road is now in very good order.

10. *Arboriculture.*—During the year under report new plants provided with strong bamboo enclosures were planted on the road from Mirpore to the Dhulleswari. The planting was carried out during rains, but was not successfully completed owing to the submergence of a portion of the road during flood. The work has since been resumed and completed. In the under-mentioned roads new plants were planted in place of those died out, and enclosures were renewed and put round them to protect them from cattle:—

- Road from Dacca to Naraingunge, No. 1.
- Road from Dacca to Toke, No. 3.
- Road from Sealo to Manickgunge, No. 6.
- Road from Mirpore to Dacca, No. 10.

11. The maintenance and watering of trees and plants were carried on by malies under the supervision of overseers in charge of the roads. The trees are reported by the District Engineer to be in a good condition, but many of the young plants that were planted at the beginning of the rains died owing to the unusual rise of flood late in the season. Some jack trees also died out owing to the same cause.

12. Village communications, both in the shape of original works and repairs, were executed by the District Road Cess Committee, as well as by the Branch Committees of Manickgunge and Moonsheegunge, out of the allotments set apart for the purpose, the details of which have been given in the annual account, and do not require any special comment.

13. In the following two instances the grants for village roads in the Sudder subdivision were supplemented by local subscriptions. The villagers of Soorgunge in thanna Nawabgunge contributed Rs. 50 for the construction of a road from their village to the bank of the Isamatty river, which cost Rs. 150; and the villagers of Kyburto Kunda in the aforesaid thanna contributed Rs. 75 for repairing the road leading from their village to the bank of the river Pudda, which cost Rs. 199-2. The lands required for the construction of village works were given gratis in all cases.

15. The members of the District Road Committee took interest in their work, and transacted their business satisfactorily, with the exception of those who did not attend a single meeting. Four members of the Moonsheegunge Branch Committee and one member of the Manickgunge Branch Committee did not attend a single meeting. The rest of the members of those Committees have worked fairly well.

16. The Cess Act appears to have worked smoothly during the year under report.

17. The different establishments under the late Road Cess Committee have worked well and given satisfaction in the discharge of their respective duties. The District Engineer has continued to perform his work well, as does the accountant and head clerk, Baboo Rakhal Chandra Singh.

K. MAHOMED AZZIM,  
Vice-Chairman.

No. 28—III-5, dated Faridpur, the 31st March 1887.

From—F. H. BARROW, Esq., Chairman, District Board, Faridpur,  
To—The Commissioner of the Dacca Division.

I HAVE the honour to submit the following report on the administration of the District Road Fund of this district for the cess year 1885-86, together with the accounts, in duplicate, of the receipts and expenditure of the fund for the year.

2. As the Standing Sub-Committee appointed by the District Road Committee, under section 174 of the Cess Act, IX of 18\*0, ceased to exist on the introduction of the Local Self-Government Act on the 1st of October last, these accounts were audited and passed by the Finance Committee appointed by the District Board under section 55 of the latter.

3. *Revenue.*—The total revenue during the year was Rs. 62,400, as against Rs. 61,556 of the previous year and Rs. 69,468 estimated in the budget. Thus there was during the year an increase of Rs. 844 over the revenue of the previous year, but it fell short of the estimate by Rs. 7,068.

4. *Road cess.*—This difference between the estimate and the actual revenue shown above was principally owing to the short collection under the head of road cess, which was Rs. 6,714 less than or about 89 per cent of the amount estimated in the budget. This compares very unfavourably with the cess collection of the previous year, which fell short of the estimated amount by only Rs. 2,363, or about 96 per cent. of the estimate. The amount of outstanding arrear of road cess at the close of the year under report was Rs. 25,508, as against Rs. 24,200 at the close of the previous year, which was unsatisfactory. The actual receipt, however, under this head was more than that of the previous year by Rs. 2,503, the cess being levied at the minimum rate as heretofore.

5. The receipts under the heads of fees, fines and forfeitures and interest was more than what was expected at the time of framing the budget.

6. *Committees.*—\* \* \* \* The percentage of average attendance of members of the District Committee and the Branch Committee of Madaripur is better than that of the two previous years. The members of the District Committee, with a few exceptions, took a real interest in the business of the Committee. The Sub-Committees appointed for audit and other purposes, though not always regular, discharged the duties entrusted to them creditably and to the best of their abilities. The office of the Vice-Chairman of the District Road Committee was

filled, for the first few months of the year, by Babu Ambika Charan Majumdar, who retired after the expiry of the term of his office, and then by Babu Gangadhar Majumdar, the present Vice-Chairman of the District Board. Both of these gentlemen took active interest in their work, and devoted much of their time to the performance of their honorary duties. The members of the Branch Committees also are reported by their Chairmen to have taken interest in the administration of the funds placed at their disposal.

7. *Examination of accounts.*—The accounts of the fund up to July 1886 were audited by the Standing Sub-Committee appointed under section 174 of the Cess Act and by an assistant of the Examiner of Local Accounts. And those for the last two months of the year, as well as the annual accounts, were examined by the Finance Committee under the new Act, as stated in paragraph 2. The results of these audits and examinations were generally satisfactory.

8. *Original works.*—It is satisfactory to note that the expenditure on original district works was more than that incurred for the same purpose in any one of the last six years, as will be seen from the comparative statement given below:—

	1880-81.	1881-82.	1882-83.	1883-84.	1884-85.	1885-86.
	Rs. A. P.	Rs. A. P.	Rs. A. P.	Rs. A. P.	Rs. A. P.	Rs. A. P.
Expenditure on district roads under original works ... ..	44,513 9 1	24,061 1 4	1,900 0 0	19,280 15 7	31,616 14 4	55,661 15 1

9. The most important work under this head, or the one on which largest outlay was incurred during the year, was the construction of the road from Maniknagore to Madaripur. The estimate for a section of this road from Maniknagore to Bhanga, about 11 miles in length, amounting to Rs. 70,000, including land compensation, had been sanctioned in March 1885. The work was undertaken during the cess year 1885-86, and about 6½ miles of it was completed. This work has been taken up again this year, and it is proposed to construct the quarter mile remaining unfinished on this side of Pookhuria on the Kumar. As the Kumar is navigable to Bhanga throughout the year, the completion of the road up to that point should prove useful to the people of the south.

10. The work of next importance was the feeder road from Ramdia to Belgachi station of the Eastern Bengal State Railway. This road, which is about 6 miles in length, was taken up and completed during the year. I inspected parts of both the above roads in my cold-weather tour.

11. The construction of the new office building was another work of importance. It was commenced on the 1st of May 1886, and the masonry work was completed within the year. It has since been finished and occupied, and has supplied a great want.

12. The other works under this head were the substitution of iron platforms for wooden ones in three bridges on the Jessore road, the construction of two pucca culverts on the same road, and two on the new Talma road, and also of an iron bridge on the Matipara road. All the works were satisfactorily completed.

13. It will be seen from the accounts that all important works provided for in the budget were taken up during the year, excepting the Morapadma bridge on the Rajbari road and the Modhukhali road bridges. There was a provision of Rs. 4,000 for the former and Rs. 7,000 for the latter which was proposed to be spent in manufacturing bricks and collecting other materials. A contract was given for brickwork of the Morapadma bridge, and the required quantity of bricks was burnt, but the outturn was not very good. The contractor has, however, been called upon to supply bricks from other sources. Owing to these causes the payment was not made within the year. This work has been taken up during the current year, but difficulties have been met with owing to the sub-soil being found to be sandy or of a quagmire nature upon which it is not advisable to build the foundation. Instructions of the Superintending Engineer, Eastern Circle, have been asked for, and he will inspect the bridge shortly.

14. The work of the Modhukhali road bridges was not undertaken, as it was considered inadvisable to take up this work before the more important ones, such as the Morapadma bridge and the Madaripur and Belgachi Railway station roads which were already in hand, were completed. No provision for this project has been made even in the current year's budget on the above grounds.

15. *Repairs.*—Almost all the district roads were repaired during the year and brought into passable order. The allotments made in the budget for the repairs of district roads were spent as far as was necessary. It was only in few instances that no part of the allotment was spent, the causes of which have been explained in the notes accompanying the accounts.

16. The expenditure of Rs. 5,416 during the year under report, as shown in the margin,

	1881-82.	1882-83.	1883-84.	1884-85.	1885-86.

was incurred for improving nearly 135 miles of district roads, giving an average expenditure of about Rs. 40 per mile, as against Rs. 71 of the previous year.

17. The exceptionally high floods of the last year have done considerable damage to almost all the roads in the

district. Some of the embankments had to be cut by the department to allow passage of flood-water on the application of the villagers. This was also necessary for the protection of embankments, as the existing waterways were hardly sufficient.

18. *Village roads.*—During the year under report 44 village roads, as per margin, were constructed or repaired at a total cost of Rs. 5,132-12-6, against an allotment of Rs. 7,500 made in the budget. It will be seen from the accounts that the Branch Committee of Goalundo spent nearly the whole amount placed at their disposal for village roads. The expenditure by the Branch Committee of Madaripur fell a little short of the budget allotment. The expenditure at the Sudder also was considerably less than the allotment. This was owing to

several causes. In some cases the villagers did not come forward to receive the sanctioned grants. In others they could not deposit the amount they were called upon to contribute; for on dealing with applications for village roads the principle followed was to grant allotments where the villagers themselves were ready to pay part of the cost.

19. *Water-supply and water-works.*—During the year under report only four tanks, as shown in the margin, were excavated in the district at a cost of Rs. 637-14-1; and Rs. 175 was paid by the Goalundo Committee and Rs. 17 by the Sudder Branch Committee for tanks excavated in the previous year. It will thus be seen that the total expenditure under this head amounts only to Rs. 829-14-1, against Rs. 1,500 provided in the budget.

20. *Contributions.*—During the year under report only Rs. 200 was received as contribution in cash. This was realised by the Sudder Committee for a village road for which they granted only Rs. 150. The District Committee realised some Rs. 100 more as contribution for a tank; but as the villagers could not do the work, it was ultimately refunded. Besides cash, contributions appear to have been realised by work done at the cost of the villagers themselves for tanks and village roads executed by the Branch Committees. But the contributions were not such as they ought to have been. The present Local Boards, to whose control and administration the allotments for village roads and tanks have been transferred, have been impressed with the necessity of realising something as contribution to supplement the grant for each new village road or tank.

21. *Tramways.*—As stated in the report of the previous year, the question of opening a steam tramway on the Rajbari road (from Rajbari Station of the Eastern Bengal State Railway to Faridpur, a distance of about 20 miles) had been under the consideration of the Committee since so far back as 1882. The matter is still undecided, and it will be well now to wait and see the effect of the changes now going on in the Eastern Bengal State Railway.

22. *Establishment.*—The services of the District Engineer, Mr. Williams, have since been dispensed with. He was too old to properly discharge the duties of his office.

23. The two overseers did fair work, but were not properly supervised by the District Engineer.

24. I had every reason to be satisfied with the establishment under the Committee. The accountant, Babu Kumud Nath Chatterjea, takes much interest in his duties, and rendered me efficient help. Babu Srinath Ghosh, head clerk of the Collection establishment, has also given me satisfaction.

*Copy of resolution No. 2 passed by the District Board of Faridpur at their meeting held on the 31st March 1887.*

2. The annual accounts and report for the cess year ending on the 30th September 1886 were laid before the meeting.

Proposed by Babu Deno Nath Das, seconded by Babu Kedar Nath Datta, and carried unanimously—That they be passed and forwarded to the Commissioner.

filled, for the first few months of the year, by Babu Ambika Charan Majumdar, who retired after the expiry of the term of his office, and then by Babu Gangadhar Majumdar, the present Vice-Chairman of the District Board. Both of these gentlemen took active interest in their work, and devoted much of their time to the performance of their honorary duties. The members of the Branch Committees also are reported by their Chairmen to have taken interest in the administration of the funds placed at their disposal.

7. *Examination of accounts.*—The accounts of the fund up to July 1886 were audited by the Standing Sub-Committee appointed under section 174 of the Cess Act and by an assistant of the Examiner of Local Accounts. And those for the last two months of the year, as well as the annual accounts, were examined by the Finance Committee under the new Act, as stated in paragraph 2. The results of these audits and examinations were generally satisfactory.

8. *Original works.*—It is satisfactory to note that the expenditure on original district works was more than that incurred for the same purpose in any one of the last six years, as will be seen from the comparative statement given below:—

	1880-81.	1881-82.	1882-83.	1883-84.	1884-85.	1885-86.
	Rs. A. P.	Rs. A. P.	Rs. A. P.	Rs. A. P.	Rs. A. P.	Rs. A. P.

9. The most important work under this head, or the one on which largest outlay was incurred during the year, was the construction of the road from Maniknagore to Madaripur. The estimate for a section of this road from Maniknagore to Bhanga, about 11 miles in length, amounting to Rs. 70,000, including land compensation, had been sanctioned in March 1885. The work was undertaken during the cess year 1885-86, and about 6½ miles of it was completed. This work has been taken up again this year, and it is proposed to construct the quarter mile remaining unfinished on this side of Pookhuria on the Kumar. As the Kumar is navigable to Bhanga throughout the year, the completion of the road up to that point should prove useful to the people of the south.

10. The work of next importance was the feeder road from Ramdia to Belgachi station of the Eastern Bengal State Railway. This road, which is about 6 miles in length, was taken up and completed during the year. I inspected parts of both the above roads in my cold-weather tour.

11. The construction of the new office building was another work of importance. It was commenced on the 1st of May 1886, and the masonry work was completed within the year. It has since been finished and occupied, and has supplied a great want.

12. The other works under this head were the substitution of iron platforms for wooden ones in three bridges on the Jessore road, the construction of two pucca culverts on the same road, and two on the new Talma road, and also of an iron bridge on the Matipara road. All the works were satisfactorily completed.

13. It will be seen from the accounts that all important works provided for in the budget were taken up during the year, excepting the Morapadma bridge on the Rajbari road and the Modbukhali road bridges. There was a provision of Rs. 4,000 for the former and Rs. 7,000 for the latter which was proposed to be spent in manufacturing bricks and collecting other materials. A contract was given for brickwork of the Morapadma bridge, and the required quantity of bricks was burnt, but the outturn was not very good. The contractor has, however, been called upon to supply bricks from other sources. Owing to these causes the payment was not made within the year. This work has been taken up during the current year, but difficulties have been met with owing to the sub-soil being found to be sandy or of a quagmire nature upon which it is not advisable to build the foundation. Instructions of the Superintending Engineer, Eastern Circle, have been asked for, and he will inspect the bridge shortly.

14. The work of the Modbukhali road bridges was not undertaken, as it was considered unadvisable to take up this work before the more important ones, such as the Morapadma bridge and the Madaripur and Belgachi Railway station roads which were already in hand, were completed. No provision for this project has been made even in the current year's budget on the above grounds.

15. *Repairs.*—Almost all the district roads were repaired during the year and brought into passable order. The allotments made in the budget for the repairs of district roads were spent as far as was necessary. It was only in few instances that no part of the allotment was spent, the causes of which have been explained in the notes accompanying the accounts.

16. The expenditure of Rs. 5,416 during the year under report, as shown in the margin,

	1881-82.	1882-83.	1883-84.	1884-85.	1885-86.
	Rs. A. P.	Rs. A. P.	Rs. A. P.	Rs. A. P.	Rs. A. P.

was incurred for improving nearly 135 miles of district roads, giving an average expenditure of about Rs. 40 per mile, as against Rs. 71 of the previous year.

17. The exceptionally high floods of the last year have done considerable damage to almost all the roads in the

district. Some of the embankments had to be cut by the department to allow passage of flood-water on the application of the villagers. This was also necessary for the protection of embankments, as the existing waterways were hardly sufficient.

18. *Village roads*.—During the year under report 44 village roads, as per margin, were constructed or repaired at a total cost of Rs. 5,132-12-6, against an allotment of Rs. 7,500 made in the budget. It will be seen from the accounts that the Branch Committee of Goalundo spent nearly the whole amount placed at their disposal for village roads. The expenditure by the Branch Committee of Madaripur fell a little short of the budget allotment. The expenditure at the Sudder also was considerably less than the allotment. This was owing to

several causes. In some cases the villagers did not come forward to receive the sanctioned grants. In others they could not deposit the amount they were called upon to contribute; for on dealing with applications for village roads the principle followed was to grant allotments where the villagers themselves were ready to pay part of the cost.

19. *Water-supply and water-works*.—During the year under report only four tanks, as shown in the margin, were excavated in the district at a cost of Rs. 637-14-1; and Rs. 175 was paid by the Goalundo Committee and Rs. 17 by the Sudder Branch Committee for tanks excavated in the previous year. It will thus be seen that the total expenditure under this head amounts only to Rs. 829-14-1, against Rs. 1,500 provided in the budget.

20. *Contributions*.—During the year under report only Rs. 200 was received as contribution in cash. This was realised by the Sudder Committee for a village road for which they granted only Rs. 150. The District Committee realised some Rs. 100 more as contribution for a tank; but as the villagers could not do the work, it was ultimately refunded. Besides cash, contributions appear to have been realised by work done at the cost of the villagers themselves for tanks and village roads executed by the Branch Committees. But the contributions were not such as they ought to have been. The present Local Boards, to whose control and administration the allotments for village roads and tanks have been transferred, have been impressed with the necessity of realising something as contribution to supplement the grant for each new village road or tank.

21. *Tramways*.—As stated in the report of the previous year, the question of opening a steam tramway on the Rajbari road (from Rajbari Station of the Eastern Bengal State Railway to Faridpur, a distance of about 20 miles) had been under the consideration of the Committee since so far back as 1882. The matter is still undecided, and it will be well now to wait and see the effect of the changes now going on in the Eastern Bengal State Railway.

22. *Establishment*.—The services of the District Engineer, Mr. Williams, have since been dispensed with. He was too old to properly discharge the duties of his office.

23. The two overseers did fair work, but were not properly supervised by the District Engineer.

24. I had every reason to be satisfied with the establishment under the Committee. The accountant, Babu Kumud Nath Chatterjea, takes much interest in his duties, and rendered me efficient help. Babu Srinath Ghosh, head clerk of the Collection establishment, has also given me satisfaction.

GANGADHAR MAZOOMDAR,

Vice-Chairman.

*Notes to accompany the Annual Accounts for the cess year 1885-86.*

(a). The heading "District Board" has been opened on the Receipt and Expenditure side of the accounts under Accountant-General of Bengal's No. 805L.F., dated the 31st January 1887, for transferring the balances of the cash-book and of the advance and deposit accounts to the District Board.

(a<sup>1</sup>). The remission of cess was sanctioned by Board's letter No. 737A., dated the 28th December 1885, forwarded with Commissioner's No. 801N., dated the 8th January 1886.

(b). The difference of Re. 1-5-4 is due to the deduction of income-tax from the salary of the head clerk on the 30th of September 1886, which could not be paid into the treasury within that month.

(c). The offices being closed for Poojah holidays on the 1st of October 1886, the salaries for September were drawn on the 30th of that month under the authority of Accountant-General, Bengal; consequently the charges were included in the account for the cess year 1885-86: hence the budget allotment has been exceeded.

(d). The difference of Re. 1-12-4 is due to the same cause as explained in (b).

(e). The services of the duftry were dispensed with from the 1st October 1885; but his salary for September 1885 was paid in October, and the charge has been shown in this account.

(f). The cause of excess over the budget allotment is the same as explained in note (e) about the collection office.

(g). No English stationery was required to be purchased during the year: hence the large savings.

(h). This work was done and payment made from the amount deposited by the Nuddea District Road Committee: hence there was no budget allotment.

(i). The estimate for the Madhukhali road bridges was sanctioned by Government, Public Works Department, letter No. 766L.C., dated the 6th April 1886, forwarded to this office with the Commissioner's No. 95M.R., dated the 17th idem.

(j). The estimate for bridging the Marapadma in the line of the Rajbari road was sanctioned by Government. Public Works Department, letter No. 78T.—C., dated the 5th May 1886, forwarded with the Commissioner's memorandum No. 863M.R., dated the 17th idem.

(k). Four posts purchased for wooden bridges on the Rajbari road were transferred to some other work; the value thereof, Rs. 24, was treated as a refund and credited to the former: hence the minus entry.

(l). The estimate for the Rajbari road land compensation was sanctioned by Government No. 296F., dated the 3rd July 1880, received with the Commissioner's endorsement No. 991R., dated the 20th idem.

(m). The estimate for the Belgatchee Railway station road was sanctioned by Commissioner's No. 715T., dated the 15th February 1885.

(n). The cause of the excess of Rs. 15-9-10 over the estimate was that the contractor who took the work in the year 1884-85 failed to do it, and it was to be taken up departmentally in 1885-86. As it was too late then to manufacture bricks at site, they had to be carried from Furreedpore. The contractor was fined Rs. 50.

(o). The estimate for the Baniabaha road land compensation was sanctioned by Commissioner's No. 888R., dated the 10th March 1879.

(o a). The expenditure of Rs. 12 was proposed to be met from the savings of the estimate for the repairs of the Bhojeswar road, but afterwards it was thought proper to include the charge under the head of Original Work; hence no allotment in the budget.

(p). The estimate for the construction of the Madaripore road was sanctioned by Government letter No. 291L.C., dated the 7th February 1885, forwarded with the Commissioner's No. 201R., dated the 2nd March 1885.

(q). The estimate for the Madaripore road land compensation was sanctioned by Government, Public Works Department, letter No. 712L.C., dated the 1st April 1886, forwarded with the Commissioner's No. 21M.R., dated the 7th idem.

(r). The estimate for the Road Cess office building was sanctioned by Government, Public Works Department, letter No. 1879B., dated the 8th December 1885, forwarded with the Commissioner's No. 147R., dated the 19th December 1885.

(s) & (t). The sort of repairs provided for in the budget to the metalling of the Jessore road was not considered urgently necessary during the year: hence the allotment was not spent. Only a small sum was required to renew the metalling over the two culverts constructed on the line. Owing to the high floods of the year this road was required to be cut in several places and temporary bridges had to be put up over the cuts. The allotment under the head of Petty Repairs was therefore exceeded, and the excess was met from the savings of the allotment for metalling.

(u). The excess over the allotment for the new Talma road is attributable to the same cause as explained in the preceding note about petty repairs of the Jessore road.

(v). The repairs provided for the Surjakanda road were not considered necessary: hence the allotment was not spent.

(w). The Divisional Superintendent, Mr. Johnson, advised not to spend any money on the chur Kamalapore road, it being open to the eroding waves of the Dholesamudra which wash it away.

(x). A considerable portion of the chur Teprakandi road have been cut by the Padma, and the river is likely to cut it away altogether in a few years. Besides the damage done to the road by floods being almost irreparable, it was thought unwise to spend any more money on this road: hence the allotment was not spent.

(y). The differences of Rs. 6-5-3 and Re. 1-8-5 in the salaries of the District Engineer and the Overseer are due to the same cause as has been explained in note (b).

(z). In the previous year (1884-85) there were four peons in the establishment of the District Engineer. The salary of one of the peons for September 1885 was paid in 1885-86, though he was abolished from the 1st October 1885: hence the charge.

(a-b). The difference of two pies is due to the exclusion of fractions of pies in calculating salaries for broken periods.

(a-c). In the previous year (1884-85) the District Engineer had two punkha-pullers. The salary of these two for September 1885 was paid during the year in question: hence the excess over the budget allotment.

(a-e). The explanation of the cause of excess over the budget allotment is the same as given in note (c).

(a-f). The Divisional Superintendent, Mr. Johnson, being absent on furlough, the whole amount of the budgeted contribution towards his salary was not required to be paid within the year. His absentee allowance has been paid since.

GANGADHAR MAJOMDAR,

Vice-Chairman.

No. 218., dated Barisal, the 24th January 1887.

From—H. J. H. FASSON, Esq., Chairman, District Road Cess Committee, Backergunge,

To—The Commissioner of the Dacca Division.

I HAVE the honour to forward herewith, in duplicate, detailed account of receipts and expenditure of the District Road Fund for the cess year 1885-86, and a report on the administration of the fund during that year, submitted by the Vice-Chairman and passed with a few modifications by the Committee under section 179 of the Cess Act at a special meeting of the Committee held on the 21st instant. The report gives a full and clear account of the work done during the year. The very considerable attention given to the completion of unbridged roads, and the substitution in all important instances of masonry and iron for timber bridges, are very satisfactory features of this year's work.

2. The office of the Chairman was held by me during the year, with the exception of the five months from 28th November 1885 to 18th March 1886, when Mr. Mosley was Chairman.

3. The office of the Vice-Chairman was held by Mr. Shirres, Joint-Magistrate, from the beginning of the year till 28th January 1886, and by Mr. N. K. Bose, Joint-Magistrate, from 3rd May to the end of the year. I was *ad interim* Vice-Chairman from 20th February to 18th March 1886. Mr. N. K. Bose has worked very well and satisfactorily as Vice-Chairman.

Dated Burisal, the 3rd January 1887.

From—BABOO NANDA KRISHNA BOSE, Vice-Chairman, District Road Cess Committee, Backergunge,

To—The Chairman, District Road Cess Committee, Backergunge.

I HAVE the honour to submit the following report on the administration of the Road Fund of this district during the cess year 1885-86, together with the detailed accounts of receipts and expenditure.

2. *Budget estimate.*—The budget estimate of receipts and expenditure for the year was passed at a special meeting of the Committee held on the 24th September 1885, approved by the Commissioner of the Division by his No. 57 R., dated 2nd November 1885, and reviewed by Government in its Resolution No. 1594 R.C., dated 31st May 1886. The total income, including the estimated opening balance, was set down at Rs. 1,19,682, and the expenditure at Rs. 1,18,343. A sum of Rs. 51,950 was allotted for original works, Rs. 22,617 for repairs, and nearly all the rest to different establishments and in subsidizing steamer services within and out of the district. Subsequent adjustments were made with the sanction of the Committee and approval of the Commissioner.

3. *Accounts.*—The annual account has been audited by the Standing Sub-Committee of Audit. The monthly accounts of both the Committee's and District Engineer's Offices were audited by the Sub-Committee of Audit. The accounts were also audited by the Local Auditor under the direction of the Examiner of Local Accounts in September last, and the result on the whole was satisfactory.

4. *Committee.*—The District Committee worked well and the members displayed considerable interest in the questions that were brought before them. The Branch Committees evinced pretty much the same interest as they did in the year preceding. The Patuakhali and Bhola Branch Road Committees held three meetings each, and the attendance of members in the meetings of all the Branch Committees was anything but satisfactory. No explanation has been offered for not holding the required number of meetings. \* \* \* The Branch Committees of Perozapore and Patuakhali elected, under section 161 of the Act, their Chairmen as additional members of the District Committee, while the Bhola Committee elected one non-official member who attended only one meeting of the Committee.

5. *Working of the Cess Act.*—The road cess has been levied at the half rate of three pies or one pie on each rupee of the annual value of lands. The following statement briefly shows the demand, collection, and expenditure during the year under report as compared with those of the preceding year :—

Current demand.		Total collection.		Total expenditure.	
1884-85.	1885-86.	1884-85.	1885-86.	1884-85.	1885-86.
Rs. A. P.	Rs. A. P.	Rs. A. P.	Rs. A. P.	Rs. A. P.	Rs. A. P.
96,486 0 0	96,434 0 0	91,251 0 0	1,04,552 0 0	1,09,538 0 0	1,00,373 0 0

6. The percentage of collection of cess to current demand during the year was 108.4 against 94.6 of the previous year. This is satisfactory. The percentage of balance on the demand also compares favourably with that of the previous year. The total expenditure during the year under report was less than that of the previous year by Rs. 9,165, while the expenditure on works was less by Rs. 1,043 only.

7. *Original works.*—The following important original works were undertaken during the year, and fair progress was made with them. It will be observed that the bulk of this year's work was masonry bridging—a most important department of work which is nearly new in this district and adds much to the value of the finished roads:—

1. *Jhalakati road*.—Two bridges completed.
2. *Gournadi road*.—Two bridges—masonry in both and iron work in one completed.
3. *Gazipore road*.—Five bridges—four arched and one iron bridge were practically completed.
4. *Tarnirhat road*.—Two bridges: greater portion of necessary materials has been manufactured and collected.
5. *Dowlatkhan road*.—Four bridges: necessary materials have been manufactured and collected.
6. *Harinafulia road*.—Earthwork in the first section partially done: work stopped owing to delay in giving possession of land.
7. *Mendigunge road*.—Earth has been thrown on the three-eighth of the road.
8. *Bridge in the Gazipore road over Bhola khal*.—As suggested by the Divisional Superintendent of Works, the upper bridge over Bhola khal has been dismantled, and with the materials thereof the central bridge has been rebuilt with sufficient roadway for cart traffic.

8. On the recommendation of the Divisional Superintendent of Works, supported by the Commissioner of the Division, the Committee, in the month of December 1885, decided to construct masonry iron bridges on the Dowlatkhan and Tarnirhat roads, and the estimate for the former was framed, submitted, and sanction received in January 1886. As no contractor could be found to undertake the works, it was arranged to execute them departmentally, and a fair progress in collecting materials at site was made, but it was, as it appeared, a mistake on the part of the District Engineer to make an attempt to burn bricks in the month of June, which resulted in the damage of 64,000 moulded bricks loaded in kilns. The damage is attributed to the unusual rise of water which overflowed the field. The District Engineer would have done well to postpone the manufacture of these bricks till next season.

9. The following works were surveyed during the year for the preparation of projects:—

- |                    |                    |
|--------------------|--------------------|
| 1. Jalabari road.  | 6. Tangibari khal. |
| 2. Deuli khal.     | 7. Golachipa do.   |
| 3. Dadibhanga do.  | 8. Sundarkati do.  |
| 4. Chanda Kali do. | 9. Lakutia do.     |
| 5. Fenna do.       |                    |

10. *Repairs.*—Annual repairs were made in all the existing roads which were maintained in passable condition, and some of the khals were kept clear of jungle throughout the year. The most important works under this head, viz. that of clearing silt from the beds of Phuljhuri and Ponabalia khals, was not undertaken, because the time for work had run out when the estimates were returned by the Divisional Superintendent of Works, and because no contractor was found to undertake the works. These works have this year been contracted for and put in hand, necessary provisions having been made for them in the current year's budget, and it is hoped that they will be executed during the current year, and that similar improvements may in time be extended to other khals.

11. *Village works.*—The execution of village works in the Sudder sub-division was entrusted to the District Engineer, and I believe the money was well spent. The works in other sub-divisions were executed by the Branch Committees, but the progress was not so satisfactory as in other years, principally owing to the early setting in of heavy rains which delayed the progress of many works and left some of them unfinished. Several of the roads in the Perozepore sub-division are badly in need of foot-bridges. It is desirable that the existing roads should be thoroughly repaired and bridged before any new construction is undertaken. Some of the village works constructed in the line of the proposed district roads have been transferred to the list of district works, and when they are thoroughly repaired and bridged they will be very useful lines of communication. The village roads or foot-paths are much appreciated by the people. Some rules for the execution of village works have been framed by the Committee and approved by the Commissioner. It is to be feared that the sums allotted to the various Sub-Committees, instead of being fully utilized, have been dribbled in petty grants to people whose work never receives any professional supervision and in many cases is not supervised at all. Our rules have been so framed as to ensure professional supervision of all works costing more than a certain minimum amount and to encourage Sub-Committees to aim at connecting the chief centres of trade rather than spending small sums on petty works.

12. *Arboriculture.*—No allotment for planting trees was made in the budget. The trees planted in previous years have been taken care of with the provision made for the purpose in the repair estimates of the roads concerned. Arboriculture is not a want of the district, which is well shaded and plentifully wooded.

13. *Communication by steamer.*—There is a regular daily steamer service between Burrisal and Khulna of the Bengal Central Flotilla Company. The subsidy granted last year was stopped at the beginning of the year under report, with a view to see whether the service could be kept up without assistance under the ordinary law of supply and demand, there being at that time another rival company plying between the same stations. This latter service collapsed, and the Committee, on the application of the former company setting forth that the line was not commercially so profitable as had been anticipated, subsequently renewed the subsidy, and the sanction of the Bengal Government was obtained to its payment for the remaining seven months of the year. The Committee have also subsidized another steamer service between Burrisal and Patuakhali, which, although not very regular, is beneficial to the public.

14. A burglary was committed in the District Engineer's office, and the iron safe, with a cash box in it containing Rs. 495-14, was carried away by thieves. A punkha-puller of the office was implicated in the offence. One of the culprits was convicted and sentenced to rigorous imprisonment for two years, and the sentence was upheld by the Appellate Court. The stolen property has not been recovered.

15. *Establishment.*—There has been a large expenditure on the establishment which is due to the fact that the district is under partial revaluation, and the large establishment entertained for the purpose swallows up a big share in the major head "Provincial rates." It may be remarked that of Rs. 15,490 (inclusive of Rs. 8,919, the cost of service of processes) expended on revaluation establishment, one-third has to be paid by Government. The question of possible reduction in this temporary establishment is, however, under the consideration of the Board of Revenue.

16. All the works under the Committee were carried out by the engineering staff consisting of one District Engineer, two Overseers, and one Sub-overseer. The District Engineer, Baboo Jagadish Chandra Roy, who has now left the district, executed the permanent bridge works satisfactorily. The Committee's office establishment worked well during the year.

No. 108, dated Mymensingh, the 13th December 1886.

From—E. G. GLAZIER, Esq., Chairman, District Road Cess Committee, Mymensingh,  
To—The Commissioner of the Dacca Division.

IN accordance with section 179 of the Cess Act IX of 1880, and the Bengal Government's circular No. 973A, dated the 14th September 1880, I have the honour to submit the annual accounts of receipts and expenditure of the Mymensingh District Road Fund for the last cess year 1885-86 in duplicate, duly examined and certified by the sub-committee of audit, and passed by the District Committee at their meeting held on the 4th December 1886.

2. The Road Cess Act has been in force in this district since October 1875, and this report is for the eleventh year of its working.

3. \* \* \* With regard to the constitution of the District Committee, I have to state that two new members have been appointed in the place of four members, of whom two have ceased under section 115 of the Act and two others have resigned. The Executive Engineer of the Dacca Division did not attend any meeting during the year. The non-official members in general take little or no interest in their work.

4. The road cess on lands has been levied at the maximum rate of one-half anna on each rupee of the annual value ever since the operation of the Cess Act in this district. The net receipts on account of cess on lands amounted to Rs. 1,42,438 against the estimated demand of Rs. 1,45,542. The arrear at the close of the year under review was Rs. 13,632, and the percentage of total collection on gross demand was 98.05, as exhibited in the annual report of the Road Cess Collection Office, submitted with No. 25, dated 4th November 1886. The annual account was opened with a balance of Rs. 67,414-3-0 and closed with a balance of Rs. 60,599-14-3, after the net receipts of Rs. 1,86,360-12-9, and the disbursement of Rs. 1,93,175-1-6, under the prescribed heads shown in the detail account enclosed. The contribution of Rs. 1,800 from Government towards the cost of the joint establishment for the collection of road and public works cesses was credited to the Road Fund in the year, and that of Rs. 1,025 on Government estates was credited during the month of November 1886. The re-valuation of 206 big zemindaries, sanctioned in Board's letter No. 228A, dated 9th May 1882, has been completed during the year, and this promises an increase of Rs. 38,732 in the cess demand both for road and public works cesses; and one-third of the cost of the re-valuation work will soon be re-couped from Government in the shape of a contribution, as stated in Board's circular No. 4 of August 1883.

5. The expenditure under head "Original works" during the year under report, amounted to Rs. 1,15,435-13-3 against the provision of Rs. 1,33,608, as shown in the detail account enclosed. The works principally consist of masonry culverts and bridges with iron top, earthen glazed pipe culverts, earth work for raising, widening and improving the district roads Nos. 1, 8, 10, 11 13, 28, 29, and 33; providing five ferry boats on certain roads and constructing an inspection bungalow at Hussenpore. It is needful to mention that the amount of outlay under this head during the year has been much more than that spent during the previous year. A feeder road from Balipara railway station to Rampore Hât was constructed during the year under report. The original works shown in the appended account have been completed with the exception of those noted below:—

- I.—Constructing two masonry bridges at 27th and 44th miles of the Mymensingh to Subarnocally road.
- II.—Constructing three masonry culverts on the Hussenpore to Kishoreganj road.
- III.—Constructing two masonry bridges at 8th and 10th miles of the Shambhuganj to Durgapore road.
- IV.—Constructing a ferry boat for Shamganj ferry on the Shambhuganj to Durgapore road.
- V.—Constructing three masonry bridges at 43rd, 48th and 52nd miles of the Madhupore to Tangail road.
- VI.—Constructing four masonry bridges on the road from Mymensingh to Daponia and thence to Phulbaria.
- VII.—Constructing four masonry culverts at 17th, 21st and 23rd mile of the Shamganj to Netrokona road.
- VIII.—Constructing a masonry tunnel culvert at 23rd mile of the Shamganj to Netrokona road.
- IX.—Constructing a timber bridge over the Ayman Khal on the Bagunbari to Muktagacha road.

The above works left unfinished on account of incessant and heavy downpour, which lasted for months together during the year, will be fully completed during the current cess year for which funds have been provided in the revised budget estimate submitted with No. 104, dated 10th December 1886, for sanction.

6. The outlay under head "Repairs" during the year under report was amounted to Rs. 21,812-4-3 against the allotment of Rs. 29,697 with a view to keep the existing roads into passable and good order by maintenance of the surface slopes, &c., and clearing jungle on the sides. Much damage was done to roads and bridges by the heavy rains and high

floods during the last part of the year. No expense was incurred in keeping the channel of the Brahmaputra below the town, as the work done in the previous years proved sufficient for the purpose.

It is gratifying indeed that the state of work in general throughout gave you satisfaction, as expressed by you in your letter No. 1765MR-RC, dated the 20th November 1886, both regarding the Committee and the District Engineer.

7. The following statement shows the provision made, expenditure incurred, and savings effected by the District and the Branch Committees for the village communications in the five sub-divisions under the category of original and repair works as per detail shown in the enclosed account of the year under report. It is worthy to notice that new lines of communications have been opened by the demarcation of well aligned tracks, which in course of time will be converted into bridged and raised roads. Earthen glazed pipes have been provided for culverts for easy passage of water:—

				Amount allotted.	Amount expended.	Savings effected.
				Rs.	Rs. A. P.	Rs. A. P.
Sudder	sub-division	...	...	6,951	6,224 12 9	726 3 3
Atia	ditto	...	...	10,000	9,262 15 0	737 1 0
Jamalpore	ditto	...	...	6,500	5,849 3 0	650 13 0
Kishoreganj	ditto	...	...	5,000	3,396 14 9	1,603 1 3
Netrokona	ditto	...	...	7,000	6,221 4 0	778 12 0
Total				35,451	30,955 1 6	4,495 4 6

The sum of Rs. 2,549 was subsequently transferred from Rs. 38,000 originally provided for in the budget estimate of the year to the works of an important nature, and the amount of savings shown above was attributable to the strict supervision of the work and proper check of the work certificates presented for payment. A sum of Rs. 36,000 has been appropriated for the village communications in the current years' budget.

8. With regard to arboriculture, I have to state that the sum of Rs. 996-12-6 has been spent against the grant of Rs. 3,100 for planting 2,437 fruit-bearing trees on 14 miles of road and maintaining the old trees planted in the previous years. A good many jack trees have borne fruit during the last three seasons, and the sale proceeds of the fruit have been credited to the fund. The requisite provision has also been made for the purpose in the current year's budget estimate.

9. The necessary information with regard to the work for execution during the current year 1886-87 may be obtained on reference to the revised budget estimate submitted with this office No. 102, dated the 10th December 1886, which necessitated certain additions and alterations in the original budget, sanctioned in your Resolution No. 1219MR-RC, dated 1st September 1886.

10. The subjoined table shows the percentage cost of the different establishments exclusive of contribution towards the pay and office establishment of Divisional Superintendent of Works) employed under the District Committee during the year under review:—

Total income, excluding previous year's balance.	Total cost of establishments.	Percent- age.	Cost of collec- tion estab- lishment.	Percent- age.	Cost of adminis- tration estab- lishment.	Percent- age.	Cost of working establishment.	Percentage.
Rs.	Rs.		Rs.		Rs.		Rs.	
1,50,676	32,100	21.31	9,524	6.32	4,447	2.95	18,138	12.04

The total charges on account of establishment and contingencies were below the limit of one-fourth of the income of the Committee for the year, exclusive of the balance of the previous year, as required by section 135 of the Act; and it would have been more so, in case the sum of Rs. 1,679-4-6 spent for the temporary establishment for the revaluation work, and Rs. 2,845-2 expended for the value of court fee stamps and boat hire &c. for service of processes was not shown under the head for the year. The cost for the latter is shown under the head "Advance" in the current year's budget, as stated in paragraph 6 of the Bengal Government's Resolution No. 1594RC, dated 31st May 1886. The different establishments employed under the Committee during the year have worked satisfactorily. Two overseers and a sub-overseer under the District Engineer have been replaced by others who are more competent for the work.

11. In conclusion I have to state that the accounts of the District Road Fund for every month of the year under report duly audited by the sub-committee, were submitted to the Accountant-General, Bengal; and that the work of the Committee with regard to the keeping of accounts has been performed with great care and regularity.

MOHUMMUD,

C. R. MARINDIN,

For Vice-Chairman, Road Cess Committee.

For Chairman, Road Cess Committee.

No. 1T, dated steamer Soorma, the 8th May 1887.

From—W. R. LARMINIE, Esq., Commissioner of the Dacca Division,

To—The Secretary to the Government of Bengal, Public Works Department.

IN accordance with the provisions of section 179 of the Cess Act IX (B.C.) of 1880, I have the honour to submit herewith the annual accounts and reports of the Road Cess Funds for the several districts of this Division for the cess year 1885-86. The reports give full and clear accounts of the various works executed during the year. I need therefore only add a few remarks on the general road cess administration in the Division.

2. The road cess has been levied at the full rates in all the districts of the Division, except Backergunge, where it is levied at only half rates.

3. In the Dacca and Backergunge districts the amount of cess collected during the year under review was in excess of the budget estimates, while in Furreedpore and Mymensingh it fell short.

4. *Original works.*—As compared with the preceding year, more original works were executed in all the districts of the Division except Dacca. The expenditure during the last two years are shown below:—

District.	1884-85.			1885-86.		
	Rs.	A.	P.	Rs.	A.	P.
Dacca ...	48,791			44,217		
Furreedpore ...	41,241			57,967		
Backergunge ...	36,964			39,616		
Mymensingh ...	73,360			1,15,435		

The money was, in all cases, very judiciously spent, viz., on the construction of roads in the districts of Dacca, Furreedpore and Backergunge, and in the bridging of the existing roads in Mymensingh.

*Repairs.*—Due attention was paid to the subject of repairs, and all the existing roads are reported to have been maintained in an efficient state. In Dacca the allotment under the head of "Repairs" was Rs. 20,697, out of which Rs. 18,823-10 were expended, as compared with Rs. 17,359-7 in the preceding year. In the districts of Mymensingh, Backergunge and Furreedpore, however, the amount of expenditure was much less than both the budgeted amount and the amount expended in the preceding year. It would appear that the cost of repairs was over estimated, or that the roads continued in passable order.

*Feeder roads.*—Under this head, the works completed during the year under report were (1) the construction of the road from Baliapara Railway station of the Dacca State Railway to Ramporehāt in the district of Mymensingh, and (2) the construction of the road from Ramdia to Belgachi Railway station of the Eastern Bengal State Railway.

*Village communication.*—Works under this head, both original and repairs, appear to have been well provided for during the year under review. It is reported that the grants for certain village works were supplemented by local contributions, and that lands in certain cases were given free of cost.

*Steamer service.*—As reported last year, there is a regular daily steamer service between Barisal and Khoolna kept up by the Bengal Central Flotilla Company. The subsidy, which the Committee used to grant during the previous years, was withdrawn for the first five months of the year under review, but it was renewed afterwards. The Committee have also subsidized another steamer service between Barisal and Patuakhali, which, although not very regular, is beneficial to the public.

At my instance, the late Road Cess Committee of Dacca undertook to keep up a ferry steamer between the sub-divisions of Munshigunge and Narayangunge. A steamer has recently been purchased by the District Board at a cost of Rs. 16,000. The service is a very great convenience to the public, and is expected to be a profitable one.

*Meetings.*—The percentage of average attendance of members was not satisfactory.

*Establishment.*—The executive and office staff employed by the several Road Cess Committees of the Division have worked well and satisfactorily.

## LAND SALE NOTICES.

## NOTICE.

It is hereby notified, for general information, that subscriptions to the complete series of the Indian Law Reports should be registered during the first three months of each calendar year. Subscribers are therefore requested to send in their subscriptions for the complete series before the 31st March in each year. Those who register their names after that date will understand that copies will be supplied only if available.

H. A. D. PHILLIPS,

*Under-Secy. to the Govt. of Bengal.*  
The 24th November 1886.

The following revised advertisement is published in substitution of that which appeared at page 1084, Part II of the Calcutta Gazette of the 9th July 1884:—

## The Indian Law Reports,

*Published under Authority.*

THE Indian Law Reports, published under the authority of the Governor-General in Council appear in monthly parts, published as soon as possible after the first of each month at Calcutta, Madras, Bombay, and Allahabad, and comprise four series—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court. The cases heard by the Privy Council on appeal from each High Court are reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta Series.

The Calcutta Series is distributed by the Bengal Secretariat; the copies for subscribers registered by Messrs. Thacker, Spink & Co., are distributed by that firm; and the Madras, Bombay, and Allahabad Series are distributed direct from Madras, Bombay, and Allahabad respectively.

In supersession of the previous advertisements, on and from the 1st January 1885, the terms of subscription and sale will be as follows:—

*Terms of subscription payable annually in advance.*

For the complete series, including postage, Rs. 22-8.

## NOTICE.

It is hereby notified, for general information, that subscriptions to the complete series of the Indian Law Reports should be registered during the first three months of each calendar year. Subscribers are therefore requested to send in their subscriptions for the complete series before the 31st March in each year. Those who register their names after that date will understand that copies will be supplied only if available.

H. A. D. PHILLIPS,

*Under-Secy. to the Govt. of Bengal.*

The 24th November 1886.

The following revised advertisement is published in substitution of that which appeared at page 1084, Part II of the Calcutta Gazette of the 9th July 1884:—

**The Indian Law Reports,**

*Published under Authority.*

THE Indian Law Reports, published under the authority of the Governor-General in Council appear in monthly parts, published as soon as possible after the first of each month at Calcutta, Madras, Bombay, and Allahabad, and comprise four series—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court. The cases heard by the Privy Council on appeal from each High Court are reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta Series.

The Calcutta Series is distributed by the Bengal Secretariat; the copies for subscribers registered by Messrs. Thacker, Spink & Co., are distributed by that firm; and the Madras, Bombay, and Allahabad Series are distributed direct from Madras, Bombay, and Allahabad respectively.

In supersession of the previous advertisements, on and from the 1st January 1885, the terms of subscription and sale will be as follows:—

*Terms of subscription payable annually in advance.*

For the complete series, including postage, Rs. 22-8.

### Advertisements.

[N.B.—Advertisements, Notices, &c., intended for insertion in this part of the Gazette, cannot be received after Noon on Monday.]

### LAND SALE NOTICES.

NOTICE is hereby given that the proprietary right of Government to the undermentioned land, known as a portion of the Government Lottery Committee lands, situated in the Town of Calcutta, will be put up to sale by auction at the Calcutta Collectorate at 1 P.M. on Friday, the 29th July 1887, corresponding with 14th Srabun 1294 B.S.

The purchasers will be subject to the following conditions of sale:—

#### Conditions of sale.

(1). The land to be sold to the highest bidder above the upset price. The purchaser of the land will be considered as the proprietor of the land, and the entire proprietary right of Government in such land will be transferred to him subject to the payment of Government revenue of annas three per kattah.

(2). One-fourth of the amount bid to be immediately deposited. If the balance be not paid by noon of the 15th day after the sale, reckoning the day of sale as one, or if that be a close holiday, then by noon of the first succeeding office day, the sale to be cancelled (the sum deposited being forfeited to Government), and the land to be again put up to sale at the risk of the defaulting purchaser after issue of advertisement as in the case of original sale.

NOTICE is hereby given that the proprietary right of Government, as specified in the conditions of sale below, to the undermentioned estate situate in the district of Nuddea will be put up to sale at the Nuddea Collectorate on Wednesday, the 17th August 1887, corresponding with 1st Bhadra 1294 B.S.

The purchasers will be subject to the following conditions of sale:—

*Conditions of sale.*

1st.—The estate to be sold to the highest bidder above the upset price. The purchaser of this estate will be considered as the proprietor of the estate, and the entire proprietary right of Government in such estate will be transferred to him, subject to the revenue fixed in perpetuity.

2nd.—The sale to be subject to existing leases and to the rights conferred by the settlement proceedings and by the laws in force, and purchasers to be bound to respect the rights of resident cultivators who have signed the schedule of assessment prepared by the revenue authorities.

3rd.—If the amount of purchase money do not exceed Rs. 100, the whole amount to be paid down at once.

4th.—If the amount of purchase money exceed Rs. 100, one-fourth of the amount bid to be immediately deposited. If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale to be cancelled (the sum deposited being forfeited to Government), and the estate to be again put up to sale at the risk of the defaulting purchaser, after issue of advertisement as in the case of original sale:—

## NOTICE.

It is hereby notified, for general information, that subscriptions to the complete series of the Indian Law Reports should be registered during the first three months of each calendar year. Subscribers are therefore requested to send in their subscriptions for the complete series before the 31st March in each year. Those who register their names after that date will understand that copies will be supplied only if available.

H. A. D. PHILLIPS,

*Under-Secy. to the Govt. of Bengal.*

The 24th November 1886.

The following revised advertisement is published in substitution of that which appeared at page 1084, Part II of the *Calcutta Gazette* of the 9th July 1884:—

**The Indian Law Reports,**

*Published under Authority.*

**THE** Indian Law Reports, published under the authority of the Governor-General in Council appear in monthly parts, published as soon as possible after the first of each month at Calcutta, Madras, Bombay, and Allahabad, and comprise four series—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court. The cases heard by the Privy Council on appeal from each High Court are reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta Series.

The Calcutta Series is distributed by the Bengal Secretariat; the copies for subscribers registered by Messrs. Thacker, Spink & Co., are distributed by that firm; and the Madras, Bombay, and Allahabad Series are distributed direct from Madras, Bombay, and Allahabad respectively.

In supersession of the previous advertisements, on and from the 1st January 1885, the terms of subscription and sale will be as follows:—
